A delivery partner for NCS

**NCS has changed thousands of
young people's lives since its
launch in 2011.**

Now we are offering all year-round
support for young people in the form of
Skills Booster sessions.

WHAT IS NCS?

The National Citizen Service (NCS) is a Youth Programme open to 15 to 17 year-olds in England over Summer and Autumn. It helps build their skills for work and life, while taking on new challenges and meeting new friends.

NCS brings together young people from different backgrounds and helps them develop greater confidence, self-awareness and responsibility. It encourages personal and social development by working on skills like leadership, teamwork and communication.

WHAT ARE SKILLS BOOSTER SESSIONS?

Skills Booster sessions offer crucial support in schools with a number of session topics focused on boosting young people's personal and professional development.

Learn by Design are looking for individuals with the ability to inspire and engage young people through facilitating Skills Booster sessions. You should have the ability to discuss and share delivery of the pre-prepared sessions with a colleague.

This new curriculum will focus on personal development, wellbeing, and social action, ensuring that all students from all settings are supported to be 'world-ready and work-ready'.

Join good people doing good things.
