## Anne Johns Citation by Jenny Maskrey

Anne has been one of my assistant county commissioners for the last five years, providing me with an amazing level of support, knowledge and experience. Alongside this, Anne has continued to be very active in her division, holding a district commissioner role and supporting their division campsite fundraising initiatives.

As an assistant county commissioner, there are so many things that Anne did and supported me and the team with. Of course, we had lockdown during our time in post and we spent many hours on zoom working out how we could keep the county going and holding meetings for all sorts of reasons, normally under the watchful eye of Anne's cat, who loved to get involved!

That said, the main reason for Anne's award today is due to her outstanding commitment and dedication a little project that we decided to embark on - the renovation of our county guide centre! Many of you will have been to the centre and will know how much it needs an overhaul. It was an old village school in Cottered, surrounded by beautiful countryside. The campsite is very well used but the centre is fast losing its appeal as it struggles to stay warm and is breaking down bit by bit. Anne has embraced the challenge of firstly keeping it operational and secondly is managing the renovation. She has had many meetings with architects, roofers, glazers, plumbers, electricians, planning officers... the list goes on. She has become very familiar with the workings of the building and is regularly getting her hands dirty.

It was a challenge to work through the restrictions imposed due to covid, ensuring the centre was compliant and working with the spiralling costs whilst bookings weren't possible. Anne secured grants and funding to keep the centre going and continues to work on this with Marion and the team as the project progresses.

Anne lives the other side of the county to the centre but that doesn't stop her "just nipping" up to Cottered to meet another contractor or to get something sorted out. Anne has committed so much time and effort to the centre and to her role as assistant county commissioner and it gives me great pleasure to present her with this award.

Sheila Hill

Sheila Hill

Citation by Jenny Maskrey

I am pleased to be able to recognise the work that Sheila has done for the county by presenting her with this award.

Just about everyone knows Sheila! She is an unfaltering support to district commissioners, division commissioners, lead volunteers and anyone who needs help with GO (our girlguiding database). During my time as county commissioner, GO was never an issue for me but that isn't because I knew how to do everything or the system worked perfectly for me, it is because Sheila was always there on what felt like a private "bat phone" to solve whatever problem or request I had. Responses were pretty much instant and due to me working full time, they were often late at night.

Sheila is a trustee for the county and is a real advocate for change, being a strong supporter of the refurbishment plans at the county guide centre. She has formed part of the refurbishment committee and supports working parties and generally gets involved in anything that needs doing.

Sheila has another hat as county archivist, a role that she is extremely passionate about. Along with Pat, she spends days upon days at HGC working through our memorabilia, cataloguing it and organizing it into storage so that relevant artifacts are preserved and others are available for units to explore and make use of. The sheer size of our archives would scare me off wanting to find more but Sheila is always on high alert to document everything we do. She is like a meerkat at the talk of a badge, ensuring copies are kept for the archives!

On top of all of this, Sheila also part of the awards committee. She supports the team with finding out the guiding history of nominees which helps us understand the bigger picture, but she is also responsible for long service awards. She works through the system on a regular basis, reporting on milestone service anniversaries, she procures the awards along with Katie, arranges for certificates to be signed and then works through detailed logistics plans to distribute the awards to commissioners across the county. Sheila really deserves this award for her dedication and passion, and I would like to thank her personally for all the support she gave me.
