Junior River Champions

A 1-1.5hr session for pupils to learn more about their local river wildlife and environment. Classes will investigate a river sample to help monitor the health of the Colne by finding water invertebrates and other species.

Example Session Schedule:

15 mins: Welcome and Intro

15 mins: Activity: River Top Trumps

45 mins: Activity: River Sample Investigation

15 mins: Summary of session

What to bring

- Suitable clothing and shoes for being outdoors and in the weather
- Water
- Sun cream for hotter weather
- Personal medication
