

Advice to Commissioners for Leaders Requiring Assessment

A Leader who wishes to obtain a qualification to gain a residential licence should:

- ★ Speak to their District/Division Commissioner, as appropriate, who will put them in touch with the relevant local advisor.
- ★ Your local advisor will agree with them who will be their mentor.
- ★ The local advisor will send them a request for assessment form (yellow), which should be completed and forwarded to the County Adviser (via Division Commissioner & local County Adviser) who will arrange for the assessment.
- ★ Whilst pending, advise the Leader of any planned trainings they could attend. The local or County Adviser will assist with these opportunities.

Please note, Leaders are recommended to contact Advisers a minimum of 6 months before commencing their qualification, longer if possible, as this means we are able to fully support them through the process.
