Where does your money go?

Part of the annual subscription paid by all members goes to the County, which is used to provide trainings, events, grants and more. In 2015 the County element of the subscriptions was £7.05, which went towards:

Support was given to participants on **International** trips to Cambodia, Romania, India, and the World Scout Jamboree in Japan.

Sections ran activities for Guides and The Senior Section, and supported girls working towards the BP Challenge and Queen's Guide Award.

Training includes support given by the Guiding Development and Membership Support teams who help to train and support Leaders, mentors, trainers, and other members of Girlguiding.

Grants help all members take part in guiding activities to ensure all are included, as well as supporting new units and local Commissioners.

Marketing & Communications advertised all of the great things we do, and includes running our website and publishing SHARE magazine.

Awards are given to members for length of service, as well as peer nominated awards presented at an annual awards evening.

County Support covers running the County Office, the expenses of the County Executive and special events.

Other expenses include the Arts, Special Needs and Growing Guiding teams, professional fees, insurance, and the Hertfordshire Guide Centre.

Thank you for all that you do in Girlguiding Hertfordshire
