

Drum Fun for Everyone!

Rhythmicity offers people of all ages and abilities the opportunity to benefit from playing hand drums and other percussion in a relaxed group atmosphere. We bring all the equipment to your venue and get you playing right from the start.

Playing drums and percussion can help develop skills in coordination and communication, build confidence and self esteem, raise the level of group cooperation, and it's great fun!

Group drumming requires all the elements of effective teamwork to achieve success.

Thanks to our team of skilled and experienced facilitators, led by Tim Scarborough, Rhythmicity gives you the chance to try out almost every percussion instrument you can think of.

We won't make you a professional percussionist, but we will get you playing lots of great instruments and make sure you enjoy yourself!

We offer:

- Workshops for Primary and Secondary schools
- Workshops to inspire teams and community groups
- African, Samba and Bhangra drumming
- Birthday parties (adults or children)
- After-dinner entertainment
- Community performances
- Individual and group drum lessons
- Community drumming classes.
